## About MYBA

The **Medina Youth Baseball Association** provides the opportunity to play baseball to the youth of the City of Medina and those living within the boundaries of the Medina City School District.

We are a non-profit organization whose philosophy is that **every child deserves to play baseball**. This includes providing financial scholarships to cover fees of those that cannot afford the cost of registration.

The **MYBA** recognizes the service of many of the members of our community in the armed forces by allowing families of those men and women deployed in the service of our country to play without charge. This is just a small way to say thank you.

Our organization cannot complete its mission without the continued generous support of the many companies and small businesses of our community whose sponsorship dollars assist our organization with general operating and maintenance costs, equipment and financial scholarships.

Please help us by renewing your sponsorship or joining us as a new sponsor!

## TEAM SPONSOR
